

## COVID-19 Workplace Inspections

Effective Friday April 16, 2021, the Ministry of Labour announced Workplace inspections to focus on Construction Sites in Ottawa, Toronto & York.

“Starting today, the Minister of Labour, Training and Skills Development is ramping up inspections on construction sites province wide. Over 200 inspectors will be visiting more than 1,300 jobsites within the next four weeks to ensure all steps are being taken to keep workers safe.

Additionally, today is also the start of targeted visits by officers from across government to over 500 workplaces, include big box store, food processors, manufacturers and warehouses in Ottawa, Toronto and York Region which have been identified as hot spots for COVID-19. These actions are an important step to ensuring that businesses across the province operate in a safe manner. “

## Ontario Strengthens Enforcement Stay -At- Home Order

On Friday April 16, 2021, the Ontario government announced in consultation with the Chief Medical Officer of Health and other health experts, is strengthening enforcement of the province's Stay-at-Home-order while imposing new travel restrictions and further strengthening public health measures.

The Construction Industry in the ICI Sector will continue to operate as an essential service' with new restrictions affecting various sectors of the ICI sector as provided from the Ministry.

*Excerpt from* : [COVID-19: enhanced public health and workplace safety measures | Ontario.ca](#)

### Construction

As of April 17, all non-essential workplaces in the construction sector will be closed, with only essential construction permitted to operate. Examples of non-essential sites may include shopping malls, hotels and office towers.

Critical infrastructure projects such as new hospitals, roads and bridges will continue. Residential construction that has already started will continue.

### Essential construction

Construction activities or projects and related services (including land surveying and demolition services) are essential if they:

- are associated with the health care sector or long-term care, including new facilities, expansions, renovations and conversion of spaces that could be repurposed for health care space
- ensure safe and reliable operations of, or provide new capacity in:
- municipal infrastructure
- provincial infrastructure, including but not limited to, the transit, transportation, resource, energy and justice sectors
- support the operations of, or provide new capacity in, electricity generation, transmission, distribution and storage, natural gas distribution, transmission and storage or in the supply of resources
- support the operations of, or provide new capacity in, schools, colleges, universities or child care centres within the meaning of the *Child Care and Early Years Act, 2014*
- are required for:
- the maintenance and operations of petrochemical plants and refineries

# MCAT SAFETY BULLETIN

- support the operations of, or provide new capacity in, electricity generation, transmission, distribution and storage, natural gas distribution, transmission and storage or in the supply of resources
- support the operations of, or provide new capacity in, schools, colleges, universities or child care centres within the meaning of the *Child Care and Early Years Act, 2014*
