

## CHANGES TO PUBLIC HEALTH & WORKPLACE SAFETY MEASURES

The following changes to public health and workplace safety measures are in effect as of March 21, 2022.

- General masking requirements will be lifted; however, masking will still be required in certain indoor settings, including:

Public transit, including indoor areas and vehicles. This does not include businesses or organizations that provide sightseeing or touring services

Health care settings including:

- Hospitals
- Psychiatric facilities
- Doctors' offices
- Immunization clinics
- Laboratories
- Specimen collection centres
- Home and community care provider locations only if you are an employee or contractor
- Long-term care and retirement homes
- Shelters and other congregate care settings that provide care and services to medically and socially vulnerable individuals

For a complete list of settings and exceptions to masking requirements that may apply, please refer to [O. Reg. 364/20](#).

Visit the [face covering and masking page](#), for additional information including wear and fit.

Also as of March 21, 2022:

- Passive screening of individuals prior to entering a business will no longer be required  
businesses and organizations that are open will no longer be required to prepare and make available a safety plan
